VISUALIZE - SIMPLIFY - FOCUS - EXECUTE

FINANCIAL MANAGEMENT

Financial Management of available cash is one of the most important issues to any organization. Mr. Cain will work with Organizations to

- Improve Cash - Flow Management
- Assist in Freeing Up Non-Liquid Assets
- Assist in implementation of Total Cost Modeling resulting in Margin Improvements
- Improve Borrowing Ability when Necessary
- Assist in Implementation of Accounting Practices to Support Lean Operating Initiatives

OPERATING EXCELLENCE

By combining various aspects of Lean and Six Sigma an organization can achieve operating excellence by:

- Defining an Operational Architecture that Works
- Creating a Real Plan through Strategic / Tactical Planning
- Defining Key Results for Performance Tracking– Dashboard Metric Systems
- Creating Standard Work utilizing Phase & Gates
- Eliminating Waste through Problem Solving

Brian K. Cain, CPA, has over 20 years of experience in finance and operations. After 4 years with Ernst & Young, he worked 14 years with Standard Furniture Manufacturing Co. a domestic producer and importer of wooden furniture. He left Standard as the Vice-President of Operations and Corporate Controller. Brian worked in China to set up a wholly-owned foreign entity. He has helped start up companies write investor presentations and gain financing. He has worked on cash flow, supply chain, and process improvement projects. Brian is certified in Lean Management and trained in Six Sigma and is a licensed CPA. He also teaches continuing education classes for CPA state societies.
