Dennis C. McCullough, CPIM

It is no longer “business as usual.” What may have worked in the past doesn’t cut it anymore. Globally-based competition requires new thinking, new actions and new behaviors.

We believe that every enterprise can change, improve and prosper in today’s business environment. It is teams of engaged people who are willing to focus their knowledge and experience to eliminate waste, provide more customer value and create a continuous improvement culture. We are devoted to providing the necessary tools to become a World-Class organization.

Our Improvement Tool Box Includes:

- The Visual Workplace and the 5S Discipline
- Changeover Reduction
- Cell or Process Flow Design for the Office & Operations
- Value Stream Mapping & Process Redesign
- Team Building & Team-Based Problem Solving
- Facilitator Training
- Leadership Training

Denny McCullough has over 35 years of extensive business process improvement experience in a wide variety of industries including Manufacturing (Operations & Administrative,) Healthcare (Clinical, Hospital, Diagnostics & Administrative for both Human & Animal,) Government, Trucking, Finance, Law Enforcement & Fire Departments.
