Leslie Ealy

Leslie has over 16 years experience working with Fortune 500 clients, building relationships from a project management and process improvement perspective. She is also viewed as an industry expert for learning, delivery and facilitation. Below is a partial list of her talents:

- Consulting focused on learning the client's business, project management processes and best practices, recommending improvements, and designing and implementing that functionality
- Managing small and large information technology (IT) projects
- Working to achieve CMMI Maturity Levels
- Specializing in MS Project training, Project Management Methodology Courses, CMMI Process Area training and other applications and business skills courses

Her ability to understand her client's needs and culture has allowed her to assist these companies in achieving their overall objectives effectively and efficiently.

Her clients include a variety of leaders in industries including engineering, retail, construction, education, aerospace, technical, consulting and manufacturing.
